

ARYAN SINGHAI

Data Analyst | Business Analyst | BI & Reporting

Excel | SQL | Power BI | Reporting & Dashboarding | KPI Tracking | Operations Insights

+91 9039650903 | singhaiaryan45@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Gurugram, Haryana

PROFESSIONAL SUMMARY

Mechanical Engineer transitioning into Data & Business Analytics with hands-on experience in SQL, Power BI and Excel through end-to-end analytics projects. Skilled in data cleaning, transformation, data modelling, DAX and business-focused analysis. Built analytical solutions across multiple domains, translating data into actionable insights and recommendations.

SKILLS

- **SQL & DATABASES** : SQL, Microsoft SQL Server, Joins, CTEs, Subqueries, Window Functions & Aggregations
- **POWER BI & ANALYTICS** : Power BI, DAX, Power Query, Data Modelling, KPI Development, Dashboard Design, Data Visualization
- **EXCEL & DATA ANALYSIS** : Microsoft Excel, PivotTables, XLOOKUP, Data Cleaning, Data Transformation, Business Analysis
- **ANALYTICS** : Exploratory Data Analysis, Segmentation Analysis, Risk Analysis, Performance Analysis
- **DOMAIN KNOWLEDGE** : Manufacturing Operations, Industry 4.0 Exposure, Cross-Functional Coordination

PROJECTS

Retail Sales Performance Dashboard | Excel | [Project](#) ↗

Dataset : Sales Data (9801 Rows)

- Analyzed a 9,800+ row sales dataset across product, category, region and time dimensions to identify performance trends.
- Built an interactive dashboard to track sales, orders, regional/category performance and monthly trends, enabling quick identification of top-performing segments and underperforming areas.

Olist E-Commerce Business Analysis | SQL | [Project](#) ↗

Dataset : Brazilian E-Commerce – Olist (99K+ Orders)

- Analyzed 99K+ orders and 112K+ order items using SQL across customers, products, payments and reviews.
- Used joins, CTEs, subqueries, CASE expressions, aggregations and window functions to generate business insights.

Banking Loan Risk Analytics | Power BI | [Project](#) ↗

Dataset : Banking Loan Application & Risk Data

- Built a 4-page Power BI dashboard analysing loan portfolio, applicant profiles, credit exposure and risk patterns.
- Developed Power Query transformations, DAX measures and a data model to support segmentation, KPI tracking and risk insights.

EXPERIENCE

Maxop Engineering Pvt. Ltd. | Gurugram

- Senior Engineer – New Product Development Jul 2026 – Present
 - Tracked NPD project milestones & cross-functional timelines using project data and status logs.
 - Analyzed bottlenecks across 3+ internal functions to support timely product launches.
- Graduate Engineer Trainee – Operations Jul 2025 – Jun 2026
 - Monitored daily production variables and shift KPIs to identify process constraints and trends.
 - Maintained production and downtime logs to support KPI tracking and weekly performance reporting.

EDUCATION

B.Tech in Mechanical Engineering | UIT-RGPV, Bhopal

June 2025

Minor : Industry 4.0 & Automation

June 2025

CERTIFICATIONS

- HackerRank SQL (5-Star)
